

# District

# 103

## Background

Lincolnshire-Prairie View School District 103 is an elementary district located in Lake County, Illinois. The school district serves approximately 1,600 students from the communities of Lincolnshire and Prairie View and portions of Buffalo Grove, Vernon Hills, Mettawa, Riverwoods and Lake Forest. Students attend Laura B. Sprague, Half Day and Daniel Wright Junior High Schools.

## Educational Philosophy

In District 103, we believe a collaborative school community, which employs best educational practices, involves parents, reaches out to the community, and relies on high quality leadership teams, is what forms successful students. Our Board of Education and school community are committed to this mission: **to provide innovative learning experiences which empower each student to excel and make a difference in a diverse and interconnected world.**

## Instructional Program

The District 103 instructional program supports our mission through a curriculum that focuses on skill development in core academic areas of reading/language arts, mathematics, science, and social science. The curriculum also develops students' skills in writing, technology, social and emotional learning; and it extends to music, fine arts, world language, physical education/health, family and consumer science, clubs, athletics and community service. District 103 differentiates instruction to meet individual student needs. This unique approach to instruction, through the Enrichment Learning Model, continually engages students in stimulating and challenging learning activities at all levels. We also utilize a Response to Intervention (RtI) plan that ensures effective academic support for students through research-based teaching strategies and materials. For a complete *Guide to the District 103 Curriculum*, please visit our website at [www.district103.k12.il.us/instruction.htm](http://www.district103.k12.il.us/instruction.htm). The professional family of School District 103 is committed to providing a sound, high-quality educational program reflecting best practices within our Leaders-in-Learning vision.

## School Report Cards

Results from the Illinois Standards Achievement Tests (ISATs), administered in March 2009, confirm our recognition as one of the highest academically performing elementary school districts in the state. To compare school progress and compliance, access the Illinois Interactive Report Card web site at <http://iirc.niu.edu>.
